

Live Well Be Well

Wellness Grant Testimonial

“ Do it and involve your team in the process. It’s time well spent.

Our team has been applying for the Wellness Grant for a few years now.

I added a whole department to my direct reports last year. This was the first time many of them had met in person. It was great to have the opportunity to match names to faces.

I work hard to develop a team-based culture, and this supports those efforts. The team really enjoyed our time together and are looking forward to doing it again soon.
